

Hello,

This month in Pension Matters, we've an exciting opportunity for your employees through our pilot partnership with the Purpose Xchange and we share details of our new award investing in grassroots women's rugby.

Also, don't miss the chance to share our last webinar, 'Busting the State Pension myths' with your employees.

Meet our latest Changemaker

Through our **Changemakers Programme**, we've supported 20 social enterprises with funding, guidance and support to help them scale their social impact.

Meet one of our social enterprises, **Lendology**, who help homeowners build financial resilience by enabling them to access finance fairly through their affordable, responsible loans. To find out more about **Lendology** and to see our Changemakers Programme in action, watch our latest video.

An opportunity for your employees to explore their purpose

We've partnered with a social enterprise, The Purpose Xchange, to give your employees the chance to join a series of three online workshops that aim to help them find their purpose. Each workshop is 90 minutes and will run from July until December 2024 at no extra cost.

This is an exciting opportunity to invite your employees to explore their sense of purpose and gain insights into how a more purposeful workforce can benefit your organization. The workshops are designed to help improve employee engagement, retention, mental wellbeing, and intergenerational integration.

To find out more, please complete the form below.

Championing Women & Girls' Rugby Award

Through our partnership with the Lions, we've created the Championing Women and Girls' Rugby Award, which celebrates outstanding initiatives by grassroots clubs to support women's rugby in their local community. Each year, we'll award one club from each Home Union, four clubs in total, with a special trophy, plus a £10,000 grant to further invest in their women and girls' programmes.

Pelican Post newsletter

Our June customer newsletter, The Pelican Post, will cover the importance of updating or nominating pension beneficiaries, how customers can catch up on our latest webinar recording and our new award investing in grassroots women's rugby.

Content for your employees

Are your employees on track with their financial goals?

Encouraging your employees to regularly review their finances can promote good practice for maintaining and improving financial health. Mid-year is the perfect time to carry out a financial health check to see if they're on track with their goals, or even set new ones.

Our financial health check tool can help them do this by giving them a holistic view of their finances, areas of strength and areas for improvement.

Did your employees catch our latest customer webinar?

There's widespread confusion over the State Pension so earlier this month we hosted our latest webinar, '**Busting the State Pension myths**'.

If your employees missed it, they can now watch it on demand. Share the link below with your employees and

help them get a better understanding of what the State Pension is and how it works.
