### **Why Turn2us?**

Turn2us is a national charity that provides practical information and support to people facing financial shocks.

As a mutual we're focused on much more than profits. Our new charity partner links with our purpose to help people with their financial wellbeing.

This partnership brings together the knowledge and expertise of both organisations to make a tangible difference to society and our people over the next three years.

**So for us, helping some of our society's most vulnerable, while helping you get more up to speed with your financial future, just makes sense.**
